Subject: EPA UIC Permits

Nathan,

I am trying to find a copy of the original UIC permit issued by the EPA for some of Merit's wells in Wyoming. Since I am having little to no luck finding them in our online documents, I was wondering if there is a place on the EPA's website to search and download the permit. If there is a place to search for this type of information, please provide a link. Thanks in advance for your help in this matter.
